Great films don't just entertain—they spark something. A rush of curiosity. A shift in perspective. A moment of connection. That's the SIFF Effect.

At SIFF, we're fortunate to experience that spark year-round, but the Festival is our biggest celebration of it. There's nothing quite like sharing a film with a room full of strangers—the collective laughter, the gasps, the quiet reflection that follows a powerful story.

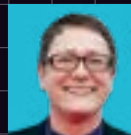

This year's Festival brings together 203 films from 71 countries and regions, including 71 narrative features, 98 shorts and 34 documentary features, showcasing bold storytelling and exciting new voices from around the world. Among them are **18 World, 12 North American, and 10 US premieres.**

### We're also proud to spotlight the artists behind the work:

49% of our filmmakers identify as women or nonbinary, 49% as BIPOC directors, and 19% as part of the LGBTQIA+ community. 62% of the feature films come from first- or second-time filmmakers, and 67% of the films currently do not yet have US distribution, making the Festival an opportunity to discover stories you may not see anywhere else.

The 52nd Seattle International Film Festival would not be possible without the support of our members, donors, sponsors, partners, and staff, who help sustain SIFF's mission to champion cinema as a vital cultural force. At a time when the arts face real challenges, your support and participation matter more than ever.

Thank you for being here and for being a part of SIFF.  
With much appreciation,

**Beth Barrett**  
Artistic Director
